December 2005

Dear *CPA Journal* Subscriber:

Welcome to the NYSSCPA's 2006 CPA's Resource Guide. The Guide incorporates *The CPA Journal* annual index, previously published as part of each year's December issue. Combining the 2005 Annual Index with the Resource Guide allows *The CPA Journal* to re-connect you to all of this year's articles, providing you with the in-depth analysis that the Journal's readers have come to value. The stand-alone presentation also allows you to refer to the Annual Index more conveniently.

In addition, you will be able to use the Resource Guide to locate products and services you may require, you may be unaware of or you may have reason to explore. The guide is divided into useful subsections, and should become part of the resources you reach for to improve and expand the value of your services.

The Resource Guide is also available to you online at www.nysscpa.org. *The CPA Journal* Annual Index and complete archives going back to 1989 can also be accessed on the website. To do so, click on Society Publications and scroll down to the bottom of the page to find the archives button.

We hope you will find The CPA's Resource Guide valuable. Share any comments with us at rsmith@nysscpa.org.

Sincerely,

Joanne S. Barry

18-36 The CPA Journal – Index to Volume 75 January 2005 – December 2005

Now your clients can pay their taxes and get something in return.

Now there is a way you can help your clients make paying taxes pay. Your client may earn a point, a mile, or money back for each tax dollar paid with a credit or debit card. They even may gain a little extra time to pay their federal, state, local and business tax payments.

All it takes is a toll-free call or a visit to our website. Official Payments Corp.[®] charges the taxpayer a convenience fee for tax payments.

It's fast, secure, authorized by the IRS and the State of New York, and as easy as calling Official Payments Corp. at **1-800-2PAY-TAXSM** (1-800-272-9829) or visiting us at **www.officialpayments.com**.

And beginning January 1, 2006 the IRS will accept credit or debit card payments for Unemployment (Form 940) and Withholding (Form 941) taxes.

Millions of taxpayers across the nation have entrusted Official Payments with making both personal and business tax payments. If helping your clients get the most out of paying their taxes sounds interesting to you, visit us at **www.officialpayments.com/taxprofessionals.jsp**.

OFFICIAL PAYMENTS CORP.

the proven way to make paying taxes pay

Official Payments Corp. is a wholly-owned subsidiary of Tier Technologies, Inc., and an authorized partner of the IRS. This service is also available for charging state and local tax payments in AL, AR, AZ, CA, CT, GA, IA, IL, IN, KS, LA, MD, MN, MS, NE, NJ, NY, OH, OK, OR, PA, RI, VA, WA, WI, WV and DC. To earn rewards you must be enrolled in an eligible payment card rewards program. Convenience fees and tax payments may vary.

Mind Your Own Business. Smarter.

Something Missing?

Not with MYOB's True Year-End Closing. Not Ever.

Some omissions are more obvious than others. That's why MYOB software offers your small business clients something others don't – a true year-end close. That's because like you, MYOB relies on traditional accounting methods to provide the integrity you trust. This includes a complete process that closes your year properly, yet provides the flexibility to delay the closing while continuing to post transactions into next year. MYOB ensures that you receive more accurate information from your clients, saving you from headaches and making the accounting easy for them, helping everyone to mind their own business – smarter.

Sound Interesting?

Get a FREE copy of MYOB software in exchange for your business card. It's that easy. For details visit www.myob.com/us/accountant

ProSystem fx® Document

ProSystem fx® Document is a complete document management solution built specifically for today's CPA firm. With the continuing integration between Document and The ProSystem fx® Office suite, Microsoft® Office, and other applications, it provides an electronic repository for all documents generated within the firm. This enables streamlined workflows, lower costs for storing documents, and the opportunity to create more time for staff to generate revenue from new clients or provide additional services to your existing clients.

It frees firm staff members from dependence on physical pieces of paper, allowing access to any document from any location. In addition, it automates document retention and allows you to implement consistent firm-wide retention policies. This ensures that documents are retained for mandated periods of time then disposed of properly. Document reduces the costs associated with creating and storing paper documents, resulting in an environment where your staff will work together more efficiently. You deliver better service to your clients since time isn't wasted hunting down pieces of paper.

Web Site: www.SalesTax.com

CCH, a Wolters Kluwer business, offers a complete selections of solutions to help make sales and use tax compliance – from front-end billing to back-office returns – a single, integrated task with complete and accurate results. Products include:

ZIPsales® Returns (ZSR)

This web-based solution offers outsourcing convenience with the ease of online accessibility for companies seeking sales and use tax efficiency. With ZSR, CCH stores their tax information in its secure servers and completes the forms. ZSR also lets them review, edit, print and audit tax returns from their desktop computers. Eliminated are the hassles of maintaining complex software or taking staff time for taxes while preserving timeliness and accuracy requirements.

CertiTAX™

For retailers with multi-state business or eCommerce activity, CertiTAX™ is a suite of software products that enables them to calculate sales taxes for different locations. With CertiTAX Client, retailers can access the CertiCALC, CertiSHIP, and CertiFile databases online. The suite features the most up-to-date tax tables and sales tax laws. There is no software to maintain or updates to track, which saves merchants' time and headaches.

The E.M.B.A. makeover: Transform yourself into senior management.

The Executive M.B.A. at Hofstra University's Frank G. Zarb School of Business is designed for managers with at least seven years of managerial experience who want to accelerate their careers while continuing to work. The Zarb E.M.B.A. teaches strategic thinking and advanced management with a global perspective in 20 months.

The Zarb School is among just 10 percent of graduate business schools nationwide to have AACSB International accreditation for both its M.B.A. and accounting programs. And it's the only graduate business school in Nassau or Suffolk with both accreditations. No wonder the Zarb E.M.B.A. is one of the most esteemed programs of its kind.

Zarb's E.M.B.A. program begins in September with classes held on alternating Fridays and Saturdays, from 8AM to 6PM. Tuition covers all fees, books, case materials, meals, and even a trip overseas to broaden your understanding of global trends. The program director has the authority to waive the GMAT. We have an exceptionally high graduation rate among E.M.B.A. students – more than 90 percent.

For further information, contact Dr. Barry Berman, E.M.B.A. Program Director, at 1-800-HOFSTRA, ext. 649, or visit www.hofstra.edu/MBA.

Lifesaver...

"When I have a client that's burdened by a less-than-perfect financial outlook, I call Sterling. When other banks say 'no,' Sterling provides 'lifesaving' solutions for my clients, and helps them return to greener pastures to grow their business."

Sterling Lifesaver...

If you have a client that needs financial rescue, **Sterling National Bank's** financing programs can provide personalized solutions, including **asset based lending** and **receivable financing**, that will allow your client to get back on track to grow their business. If your client is:

- ✓ Highly leveraged
- ✓ Has experienced losses
- ✓ Has recently moved or is burdened by other one-time charges
- ✓ Experiencing rapid expansion
- ✓ In need of increased working capital

...we understand and we know how to help. Unlike other institutions, we specialize in \$1-10 million loans for small to mid-sized businesses. We will provide the financing alternative to:

- ✓ Turn receivables of your client's customers into immediate cash
- ✓ Companies that do not qualify for financing from traditional lending sources
- ✓ Start-up companies and small businesses
